COVID Guidelines Update

The Diocese of West Texas COVID-19 Guidelines that have been in place for over a year have been significantly revised in accordance with new CDC guidelines. While some will receive these revised Guidelines with relief and joy, we realize that some will greet them with anxiety and uncertainty. Also, please keep in mind that children under the age of 12 make up a significant portion of our local community, and our church, and at this time no vaccine is available for this age group.

St. David's will no longer be *requiring* masks or distancing for vaccinated individuals, but our hope is that the church will be a safe place for everyone to do what is most comfortable for them without judgment.

There is an old Anglican/Episcopal saying that seems appropriate as we put the new Guidelines in place: *"All may; some should; none must."* It reflects a gracious and restrained care for others, encouraging what is good for each and for all. Some are not able to be vaccinated due to age or other health concerns, and some will opt to continue wearing masks for other reasons.

Please show grace to each other as we navigate this next step toward normalcy.

Holy Communion

Intinction will once again be offered at the communion rail. If you are not comfortable with intinction yet, rest assured that the body and blood of Christ are each present in both the bread and the wine of the Eucharist, so you are still receiving the full Sacrament even if you only receive in one kind (bread).
